

"Open your heart and give a hand to a child"

The Anna Schindler Foundation (ASF) is a non-profit, community-funded organization whose mission is to provide emotional and financial support to families fighting pediatric cancer in the Inland Northwest, while increasing awareness of this disease throughout our communities. The Anna Schindler Foundation meets these families' needs in forms of hospital meal cards during in-patient stay, mortgage, car and utilities payments, as well as travel, groceries, and even burial costs.

These little patients receive treatment at Sacred Heart Children's Hospital, the only children's hospital in the region. Treatment requires inpatient stays, procedures and daily clinic appointments sometimes for weeks, months and even years. For families who live an hour or more than five (5) hours away from the hospital, commuting is not an option.

The Anna Schindler Foundation has set out to build four (4) townhomes i.e. Anna's Homes, just minutes from Sacred Heart Children's Hospital. This endeavor will relieve a tremendous burden by providing clean, safe and comfortable temporary housing for out of town families who must stay in the area for treatment. We are searching for community and philanthropic-minded individuals and businesses to partner with the ASF by their sponsorship or donation to Build Anna's Homes for families who are fighting against childhood cancer.
